PART II

Course Description:

The curriculum will examine how gender shapes experiences within the criminal justice system, both for incarcerated individuals and in the broader societal context of control and punishment. This includes recognizing how carceral systems differentially impact women, LGBTQ+ individuals, and those who challenge gender norms, as well as exploring how gendered norms and expectations influence the design and implementation of carceral policies and practices, especially in post-colonial settings.

The course will allow students to understand how the criminal justice system fails to be inclusive and gender sensitive on several levels, particularly towards women and transgender persons, even as the rates of incarceration among women are rising around the world. The exploration will be rooted in classroom discussions, case studies, and film and televised media.

The elective will also analyze the experiences and challenges faced by women in correctional administration and prison management in a system that offers limited infrastructure and resources; collectively indicating towards a desperate need for the criminal justice system to be gender sensitized.

Finally, the curriculum will attempt to understand the impact of the carceral experience beyond prison walls, towards rehabilitation and reintegration of released offenders through the gender lens.

Course Aims:

1. The course aims to explore how systemic bias, patriarchy, and structural inequality are embedded in laws and institutions.
2. The course aims to recognize how carceral systems (prisons, policing, surveillance) are shaped by and reinforce gender norms and hierarchies.
3. The course aims to understand how acts of survival (e.g., sex work, self-defense against abuse) are criminalized, especially among marginalized genders.
4. The course aims to educate students towards developing feminist alternatives to punitive and custodial approaches for women offenders.

Course Intended Learning Outcomes:

1. Students will develop a better understanding of the evolution of certain legislations through a multidisciplinary lens.
2. Students will learn the various factors that play a crucial role in incarceration as well as reintegration.

Assessment Process:

The course will be majorly taught using class discussions, anecdotes, presentations, readings, and experiential exercises. The evaluations will include in-class activities, individual and group presentations, written assignments, quizzes, and projects.

Professional Conduct in Classroom

You are expected to arrive on time in the classroom and follow the classroom decorum. It is expected that you are punctual in class and be seated immediately within the first two minutes so that the class can start on time. **Students arriving after a ten minute window from the designated start time will be refused entry/attendance.** You are expected to participate in the classroom discussions, activities and presentation. Participation is essential in this class. You are also expected to be respectful when the instructor is teaching. Furthermore, you are welcomed to share your thoughts in the class but you are expected to do that respectfully and be welcoming of other perspectives in the class even if you disagree with the same.

Notes on Plagiarism

Plagiarism is not acceptable! Please refrain from copying and pasting paragraphs and sentences from your reading materials. This includes copying someone's words, structure, grammar, ideas, thoughts, and phrases and passing them as your own. Too many quotes are not acceptable!

What is acceptable? Using one quote which is not more than 40 words with proper citation. Use citation! It's a must! Present the content you read from your reading materials in your own words! Think and critically analyse the content! The source should be always acknowledged in your written material and presentation. All papers in this class will be checked electronically for plagiarism.

Attendance Policy

Regular attendance in classes is strongly recommended. There could be components of internal assessment based on class participation. A student who fails to attend a class is expected to inform the Course Instructor of the reason for their absence. Any medical leave for missing classes will be granted with prior approval from the respective school only and upon submission of a valid medical certificate. Students are required to contact the Academic Office of their respective School to recommend any such requests. A minimum of 75% attendance is mandatory. Please note that in case students are found to be below the 75% attendance marks even after attempting the end term examination. They will still be held debarred due to shortage in attendance and the answer scripts will be considered null and void and will not be evaluated. Parents email/appeals or any other request will not be considered in case of debarment due to shortage of attendance.

Safe Space Pledge

Some parts of this course may discuss a range of issues that might result in distress for some students. Discussions and images in the course might also provoke strong emotional responses. To make sure that all students collectively benefit from the course, and do not feel troubled due to either the contents of the course, or the conduct of the discussions, it is incumbent upon all within the classroom to pledge to maintain respect towards our peers. This does not mean that you need to feel restrained about what

you feel and what you want to say. Conversely, this is about creating a safe space where everyone can speak and learn without inhibition and fear. This responsibility lies not only on students, but also the instructor.

Disability Support and Accommodation Requirements

JGU endeavors to make all its courses accessible to students. All students with a known disability needing academic accommodations are required to register with the Disability Support Committee dsc@jgu.edu.in. The Committee has so far identified the following conditions that could possibly hinder student's overall well-being. These include: physical and mobility related difficulties; visual impairment; hearing impairment; medical conditions; specific learning difficulties e.g. dyslexia; mental health.

The Disability Support Committee maintains strict confidentiality in its discussions. The students should preferably register with the Committee in the first week of the semester as disability accommodation requires early planning. DSC will approve and coordinate all the disability related services such as appointment of academic mentors, specialized interventions and course related requirements such as accessible classrooms for lectures, tutorials and examinations.

All faculty members are required to refer students with any of the above-mentioned conditions to the Disability Support Committee for addressing disability-related accommodation requirements.
